### CERTIFICATION

#### UI UX Designer

Certificate Pumo Technovation, Chennai

Completion Date: 28 February, 2025

This certificate attests to the successful completion of the comprehensive 3-month UI/UX Designer course at Pumo Technovation, where I acquired valuable skills and knowledge in user interface and user experience design methodologies, usability principle, wireframe, prototyping and web design.

### PROJECTS

Developed a user-centric healthcare application designed to streamline the process of booking doctor appointments online. The platform allows patients to search for healthcare professionals, view availability, book appointments, and receive automated reminders. Focused on a clean, intuitive user interface and seamless user experience across mobile and web platforms. Features include secure login, profile management, real-time scheduling, and digital consultation options. Prioritized accessibility and responsiveness to ensure ease of use for all age groups. Enabled real-time appointment booking and cancellation. Integrated with doctor calendars for availability updates. Designed a responsive and accessible UI for patients. Included patient history and prescription record management. Ensured HIPAA-compliant data privacy and security standards.
