SUMMARY

I am an enthusiastic and creative UI/UX Designer with a robust passion for creating intuitive and engaging user experience. Skilled in user research, wireframing, prototyping, and visual design, I am eager to contribute unique perspectives within a dynamic design environment. My goal is to harness design thinking and problem-solving skills to produce impactful designs that boost user satisfaction.

MSc computer science -Bon secours Arts and Science college for women, Mannargudi.

CGPA:86%

BSc computer science-Sengamala Thayaar Education Trust Women's collage, Mannargudi.

CGPA:89%

PROJECT

BRANDING DESIGN:

Developed a complete visual identity for a coffee brand, focusing on logo design, color palette, and packaging aesthetics.

The project explored warm and earthy tones to reflect the aroma and comfort of freshly brewed coffee.

Designed brand elements that evoke sophistication and coziness, aligning with the brand's artisanal and sustainable values.

Worked on a complete UI/UX design process including user research, wireframing, prototyping, and usability testing.

Aimed to solve real user problems by designing intuitive layouts and appealing visual elements aligned with brand identity.
