## OBJECTIVE

Driven, analytical graduate with a Bachelor's in Computer Science. Seeking an opportunity to apply my academic knowledge and hands-on experience in statistical analysis and data presentation applications such as Microsoft PowerBI as an Entry-Level Data Analyst. Proven proficiency in extracting actionable insights from complex datasets with precisions to drive strategic decision-making. I am eager to collaborate and contribute my skills to a dynamic finance team.

## EDUCATION

<b>2020 - 2023</b> Calicut University	<b>Bachelor of Science in Computer Science</b> College of Applied Science MALAMPUZHA
<b>2018- 2020</b> HSS	<b>Computer Science</b> P.M.G.H.S.S
<b>2018</b> SSLC	M.E.S.E.M.H.S.S

## CERTIFICATION

- **DATA ANALYST**  
Pumo Technovations
- **FLUTTER DEVELOPER**  
Luminar Technolab
- **CISCO**  
100-890 - Supporting Cisco Collaboration Devices.  
CANDIDATE ID : CSC014600981

## PROJECT

- **NETFLIX Dashboard** :   
Created using **PowerBI**, that provides a user-friendly interface for exploring and analyzing Netflix's content library and related data. It helps users discover content, understand trends, and gain insights into Netflix's offerings.
- **SALES Dashboard** :   
Created using **PowerBI** to analyze key metrics like total sales ,profit and product performance. Implemented dynamic filter, trend analysis, and to provide actionable insights for decision-making and sales optimization.
