gayathrikannaiyan12@gmail.com | 9789277544 | Palaniyappa nagar , Thiyagadurgam ,kallakurichi(Dt)

## SUMMARY

I consider myself as the responsible and orderly person and eager to contribute my enthusiasm work and fresh perspective in a collaborative role to help the company and achieve its goals.

## TECHNICAL SKILLS

Web Development		Database	Library	Programming
HTML	JavaScript	MySQL	React	Java
CSS	Bootstrap			

## PROJECTS

### Greenland Nursery Website

- Developed a responsive nursery-themed website using HTML, CSS, and JavaScript, featuring product displays, animated UI, and form validation.

### Clothify – Online Clothing Store (React.js + JSON Server)

- Developed “Clothify”, a responsive React-based e-commerce web app with product browsing, favorites, and cart management integrated with a JSON Server REST API for seamless mock backend interaction.

### Employee Management System — Java (Core Java Project)

- Developed a console-based Employee Management System using Core Java. Implemented object-oriented principles to manage employee details such as ID, name, and salary. Designed service classes to handle business logic for adding, updating, displaying, and deleting employee records.
- Technologies Used: Java, OOP Concepts, Eclipse IDE
