## EDUCATION

---

Sri Vidya College of Engineering And Technology  
B.E Computer Science And Engineering (72%)

Virudhunagar  
(2021-2025)

SBK Boys Higher Secondary School  
HSC (84.6%)

Virudhunagar  
(2020-2021)

SBK Boys Higher Secondary School  
SSLC (78.6%)

Virudhunagar  
(2018-2019)

## PROJECTS

---

### Real Estate Site

Real Estate Site built using Reactjs. Developed a real estate listing platform using React for dynamic rendering of property data and user interaction. Designed reusable HTML & CSS components for property cards and navigation, ensuring clean UI. Integrated state management with React hooks to handle property listings, user input, and conditional rendering of components.

### Employee Managemen System

Basic Employee Record Management System using File Handling in Python. This program allows users to manage employee data through a console-based interface. It performs operations such as Add, View, Update, and Delete on employee records. Data is stored persistently in a text file named 'employees.txt'.

## CERTIFICATES

---

- Certified in Full Stack Development Python from Pumo Technovation India Private Limited.
- Web development has successfully completed an internship at Phoenix Softech.
