## OBJECTIVE

Passionate and detail-oriented Full Stack Python Developer eager to contribute to dynamic projects and gain hands-on exposure in software development. With a solid foundation in python programming and web technologies, I strive to deliver innovative, high-quality solutions that align with business goals and exceed client expectations. My focus is on crafting efficient, scalable, and user-friendly applications that drive success.

## EDUCATION

PARK College Of Engineering and Technology  
*Bachelor of Technology (Information Technology - CGPA: 8.6/10)*

June 2024  
Coimbatore, Tamil Nadu

Nehru Hr Sec School  
*Higher Secondary Education (Percentage : 55%)*

2019-2020  
Trichy, Tamil Nadu

Nehru Hr Sec School  
*Secondary Education (Percentage : 75%)*

2017- 2018  
Trichy, Tamil Nadu

## PROJECTS

**shopify webpage**( Html, Css, JavaScript)

[GitHub](#)

The Responsive Shopping Landing page is a front-end web project designed to showcase a modern, user-friendly interface for an online store. The page is fully responsive, adapting seamlessly to various screen sizes including desktop, tablet, and mobile devices.

**Blog webpage**(Python , Django , MySQL , Html , Css )

[GitHub](#)

This project is to design and develop a fully functional blog management system using the Django web framework, integrating Python for backend logic, HTML and CSS for frontend design, and MySQL for database management. This project aims to provide a user-friendly interface for creating, editing, viewing, and deleting blog posts, along with features like user authentication, comment sections, and category-based filtering.

**Student Management System ( Python (Tkinter) and SQL)**

[GitHub](#)

The main objective of the project is to design and implement a user-friendly application to manage Student records efficiently. The system allows users to Add, Update, Delete, Search and View student data using a graphical user interface built with Tkinter and stores the data in local SQL database.

## COURSE

Completed Python Full Stack Development course at Pumo Technovation, Tambaram, Chennai-600 045.

## TECHNICAL SKILLS

**Programming language :** C , C++ , Python , Html , Css , JavaScript , Django , React JS

**Database :** SQL , MySQL

**Version control :** Git , GitHub

## CERTIFICATION

- Python programming language complete in GUVI-Aug 2023
- Front-End in complete in Grade Learning – May-2023
