## Objective

Versatile font developer with expertise in HTML, CSS, JavaScript, jQuery, Bootstrap, and React. Passionate about creating unique and engaging typography that enhances user experience across web applications. Seeking to contribute my strong design skills and technical knowledge to innovative projects that prioritize aesthetics and functionality.

## Projects

### 1. Rapido Clone

HTML, CSS, BOOTSTRAP, JQUERY Create a responsive layout with HTML and Bootstrap for your Rapdio clone. Use CSS for styling and jQuery to add interactive features like play/pause controls. Ensure a smooth user experience by testing across different devices

### 2. Swiggy Clone

HTML, CSS, Bootstrap, JavaScript, jQuery Proficient web developer with a strong focus on creating dynamic and user friendly food delivery websites similar to Swiggy. Skilled in HTML, CSS, JavaScript, Bootstrap, and jQuery, I excel at developing responsive designs and interactive features that enhance user experience.

### 3. Snake Game

Creative web developer working on a Snake game using HTML, CSS, and JavaScript. Committed to delivering an engaging and interactive gaming experience, I focus on responsive design and smooth gameplay

### 4. Portfolio

I built a modern portfolio using React and Tailwind CSS, showcasing my skills and projects. It features a responsive design with sections like About, Projects, Skills, and Contact. Tailwind's utility classes streamlined styling, while React ensured smooth interactivity. Deployed on platforms like Vercel, it highlights my expertise in frontend development.

## Certificates
