## About Me

Creative and detail-oriented UI/UX Designer with a background in B.Sc. Computer Science. Passionate about designing user-friendly digital products that solve real-world problems. Skilled in wireframing, prototyping, and usability testing with hands-on experience in projects like public transport apps and government service platforms. Seeking an opportunity to apply design thinking and innovative solutions to create impactful user experiences.

## Projects

- Namma Ooru Ride – Smart Public Transport App  
Role: UX/UI Designer | Tools: Figma, Whimcial, photoshop
  - Designed a mobile app concept for tracking Tamil Nadu State Transport Corporation (TNSTC) buses.
  - Focused on solving commuters' problems such as uncertain timings, overcrowding, and lack of live tracking.
  - Created wireframes, prototypes, and user flows to ensure a simple and intuitive booking and tracking experience.
- Government Visa & E-Pass Application Platform (Web UX Project)  
Role: UX Designer & Web Interface Creator  
Tools: Figma, Webflow
  - Designed a responsive and user-friendly online application system for government visa and travel passes.
  - Simplified complex form flows, document uploads, and tracking features.
  - Developed 25+ responsive screens for both desktop and mobile, ensuring clarity and reliability.
- Chocoa Aura Velvet – Luxury Chocolate Brand (Logo & Packaging Design)  
Role: Branding & Visual Designer  
Tools: Adobe Illustrator, Photoshop
  - Created a premium brand identity for a handmade chocolate brand emphasizing richness and elegance.
  - Designed logo, packaging, and gift box mockups with embossed gold accents and velvet-inspired textures.
  - Built a cohesive luxury visual system combining modern minimalism with artisanal charm.
- Certifications
  - Pumo Technovation
  - Software training institute in Chennai,
  - UI UX Design Certificate
  - UI Design Fundamentals
