SUMMARY

Aspiring and motivated Software Developer seeking opportunities to start my career in IT. Eager to apply my coding skills, problem-solving abilities, and passion for learning to real-world projects. Committed to delivering high-quality solutions and growing professionally in a collaborative environment.

Training

Full Stack Development Course – Pumo Technovation   2025

Completed a Full Stack Development course with hands-on experience in developing end-to-end web applications. Gained practical knowledge in building responsive, dynamic, and integrated front-end and back-end solutions.

Web Designing Intern – Odugaa Tech   2024
Completed a Web Designing Internship, gaining hands-on experience in designing and developing responsive, user-friendly websites. Learned to create intuitive interfaces, implement layouts, integrate APIs, and optimize web pages for performance and usability.

EDUCATION

SRG Engineering College ,Namakkal.   2021 - 2025
Bachelor of Engineering (CSE) - 7.81

PROJECTS

Data Harbor ⬈

Data Harbor – A web platform to collect, organize, and visualize datasets, enabling users to analyze and gain insights from large data. Built with HTML, CSS, JavaScript, and React, it integrates APIs and supports JSON/CSV data sources. Features include interactive dashboards and data visualization, enhancing my skills in frontend development, API integration, and building user-friendly full-stack applications

Book Finder App ⬈

Developed a responsive web application using React, Vite, HTML, and CSS, integrating the Google Books API to search books by title or author. Implemented real-time data fetching and dynamic rendering with React Hooks for efficient performance and interactive UI. Enhanced skills in frontend development, API integration, asynchronous programming, and creating user-friendly web interfaces.

SKILLS

- **Programming Languages:** Java, JavaScript, C, C++
- **Frontend Technologies:** HTML, CSS, Bootstrap, React.js
- **Backend:** Java, Spring Boot, JDBC
- **Database:** SQL, MySQL
- **Tools & Platforms:** Git, GitHub, Visual Studio Code, Eclipse
- **Other Skills:** Data Structure Algorithm,Software Development, Problem Solving
- **Soft Skills:** Communication, Decision Making, Conflict Resolution & Active Listening

---

ACHIEVEMENTS

Attended TCS NQT and Scored - 75.8% in 2025

Full Stack Development Certificate-Pumo Technovation, 2025

Web Designing Certificate – Odugaa Tech, 2024
